ABSTRACT

This bibliography is a supplement to those originally contained in the Iowa Department of Public Instruction documents "Plan for Progress in the Media Center," a series published in 1969 and 1970. The series outlined standards for school media centers throughout the state. This document is divided into six subject categories: (1) Standards (which cites the original series), (2) Planning, (3) Administration, (4) Selection, (5) Organization, and (6) Instruction. New citations span the period 1968-1974. (KC)

Preface

Most of the content in the *Plan for Progress in the Media Center, K-6*, and *7-12* is probably just as pertinent as when published. No revision will even be considered until there is time to study the AASL-AECT book on School and District Media Programs scheduled for publication in 1974. In the meantime, however, the bibliographies of the *Plan for Progress* series, especially *K-6* and *7-12* are somewhat out of date. Therefore, this bibliography was prepared as a supplement.
